Republican Paster Ballot Frauds in New York and New Jersey.

Temmany Hall's Proclamation to All Intimidated Voters.

National Democratic Chairman Harrity this morning figured as follows:

"Mr. Cleveland will carry the solid South. 189 votes; New York. 36; New Jersey, 10; a. 15: Connecticut, 6: Wisconsin, 1: and will have at least it votes in Michigan, making 244 electoral votes in all."

Chairman Hackett says of course the letter is a forger. Democrats say they did not expect him to admit its genuineness.

Look Out for Fraudulent Pasters. Lock Out for Fraudalent Pasters.

The paster ballots ordered by Tammany Hail, 2,000,000 in number, were received at the Wigwam this morning and distributed to the various Assembly districts.

It became known to-day that the Republicans were circulating bemocratic paster ballots which did not comply with the legal requirements. Any one who uses such pasters would, or course, have his tota thrown out.

Democratic voters are cautioned to vote no paster ballots except those given them by Democratic watchers, or if they use paster ballots want to them through the mail they should compare them with the list of candidates published in Tax Works to see that they are correct.

How Cleveland Will Hear the News.

Chairman Harrity, Don M. Dickinson and Col. Smalley were all on duty at Democratic Headquarters. Mr. Quincy, who is chairman of the Massachusetts State Committee, is in that Werts-for Governor will run far tenind that Werts-for Governor will run far tenind Cleveland and that Kean has a good chance of carrying the State. NOT A DEMOCRATIC LEAGUE.

The beinocratic managers assert that the "Pro-tective Tariff Democratic League" is wholly a Republican annex,designed and maintained simply to Instead voters who do not scruti-nize the matter carefully, and thus gain unin-tentional votes for the Republican candi-dates.

Theodore Child was an Englishman, a graduate of Oxford. He had been Paris agent for the Harpers for ten years and had performed several important missions for them.
He was, when stricken down, on his way to India, where he was to gather material for a series of papers under the tile "Living India." He was accompanied by Edwin Lord Weeks, who was to illustrate the articles.
